Cotton Candy Machine

## Sweetness On Demand

### The QuickSpin™

Cotton candy customization is now at your fingertips! QuickSpin is the single-serve cotton candy machine that allows you to easily change flavors. Created for made-to-order settings, it allows you to produce cotton candy in individual servings. With a compact design and cutting-edge technology, this innovative floss machine gives the flexibility operators want and the performance they need to keep up with peak demand.

#### Features

- **QuickStart:** Reduces startup time by up to 50% from standby
- **QuickCool:** Automatically cools down head, preventing sugar burning and carbon build up
- **Standby Mode:** Keeps floss head preheated for up to one hour and ready to QuickStart
- **Consistent Power:** Resists voltage drop and applies constant power for optimum floss quality
- **Durable and Maintainable:** Head design allows for easy disassembly and cleaning
- Includes Floss Bubble
- The QuickSpin is compatible with the following cotton candy carts: 3150SSF, 3149SSF, and 3118SSF.

**Ideal for Amusement Parks, Stadiums, Arenas, Candy Stores, Ice Cream Shops, Rental Companies, Catered Events, Bars, Caterers, Restaurants, and More!.**
