25 lbs. (11.3 kg) box

UPC:

0 90939 02367 0

Certified:

N/A

Country of Origin*:

MADE IN THE USA

All ingredients used in the manufacturing of this product were produced in the United States of America.

*Definition: The Country of Origin or product origin is defined as the country where the material was manufactured/produced/cultivated. When the material undergoes substantial transformation in a second country, the country in which the transformation is performed shall be considered the country of origin.

Storage & Shelf Life:

Store at < 85°F in a clean, dry, and odor-free environment.

Best if used within 12 months from the date of manufacture in unopened containers.

Food Grade Statement:

Gold Medal Products Co. hereby certifies that this product is Generally Recognized as Safe (GRAS) and is manufactured to Good Manufacturing Practices and is safe for its intended use. This item is produced in a facility inspected by the United States Food and Drug Administration, State and Local authorities. This product manufactured by Gold Medal Products Co. is guaranteed as fit for human consumption.

Material Safety Data Sheets (MSDS) Statement:

Material Safety Data Sheets (MSDS) are only issued for products considered to be hazardous. Gold Medal Products Co. food products are exempt from requiring a MSDS in accordance to the Occupational Safety and Health Administrations Hazard

NACHO CHEESE SAVORY

Foreign Material Contamination:

The manufacturing of this product is routinely monitored for foreign material contamination.

GMO Statement:

GMO or potentially GMO

This term shall be used to describe products that contain ingredients, additives, or processing aides derived from commodities that have commercially grown GMO varieties in the supply chain, **AND** residual DNA/protein is likely detectable in the final product due to the removal process of all extraneous material that might harbor genetically modified organisms (GMO's), or substances (protein, DNA) derived thereof may not be effective or warranted.

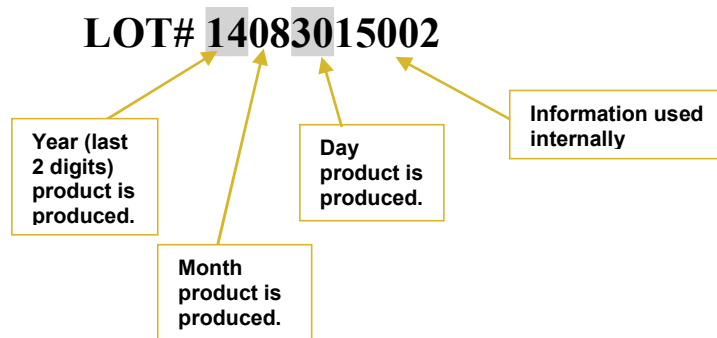

Non-GMO

This term shall be used to describe products that contain ingredients, additives, or processing aides derived from commodities that have commercially grown GMO varieties in the supply chain, **BUT** residual DNA/protein is likely NOT detectable in the final product, either by effectively removing all extraneous material that might harbor genetically modified organisms (GMO's) or substances (protein, DNA) derived thereof or being a naturally non-GMO product.

Microbiological Statement:

This product, produced for/by Gold Medal Products Co., has a low moisture content and lacks nutrients essential to support growth of most microorganisms. Organisms considered food-borne pathogens or of concern from a quality standpoint are not able to proliferate in this product; the processing and packaging is completed in a closed and sealed system offering little opportunity for contamination from extraneous materials that might harbor pathogens, viral particles, etc.

Stored Products:

Allergens listed below and marked with an asterisk (“*”) may be stored and labeled in our warehouse in finished form. All products come from approved suppliers. Each product is evaluated on the potential cross contamination with other products and allergens in the approved supplier’s facility. If there is any risk to that product, then it is stated at the top of this section as “may contain” or “contains”. Otherwise if it is not, those Allergens or Sensitizing Agents listed **DO NOT** pose any threat to any of Gold Medal Product Co. finished products.

*Milk and derivatives, *eggs and derivatives, fish, shellfish (including crustaceans, mollusks and their derivatives), *tree nuts and derivatives, *wheat and derivatives, *peanuts and derivatives, *rice and derivatives, *corn and derivatives, *gluten sources (other than Wheat: such as oat and its by products, barley, rye, malt, buckwheat, spelt, and kamut), *yeast and derivatives, Lupin and derivatives, *artificial colors, *MSG, *benzoates, *TBHQ, *hydrolyzed vegetable proteins, *sulfites, artificial sweeteners, *animal derivatives, *mustard, celery, *seeds, *cocoa and derivatives, *cinnamon, and *caffeine.

Allergen Cross-Contamination Prevention:

Potential allergenic materials are produced using designated storage and processing. The risk of contamination is extremely low. When rework is used it is isolated and used only in products that may contain the same allergens. All containers and storage tanks are labeled accordingly if they may contain allergens.
