MADE FRESH DAILY WITH GOLD MEDAL GLAZE POP

DIRECTIONS
 It's easy to make frosted popcorn with Glaze Pop®. Use the appropriate amount of dry popcorn and oil (see recipe card). Do NOT use popcorn seasoning salt. Then measure the Glaze Pop® to suit the quantity of corn. (For example, use 4-oz. Glaze Pop® in 4-oz. kettle, or 8-oz. Glaze Pop® in 15-cup kettle.)
 Glaze Pop® cooks directly in the kettle. First, put oil in kettle. Allow to heat and get hot. Add measure of corn. Then slowly add measure of Glaze Pop®.
 Let pop and dump corn promptly. Do not wait until the last kernel is popped. Make sure all corn is out of the kettle in order to prevent burning. Repeat for additional batches. Always making sure oil is hot before adding corn and Glaze Pop®.
CAUTION: If mixture shows signs of burning, hot kettle temperature checked by a qualified service company. A malfunctioning thermostat and an over-hot kettle can result in fire.
